

Web Conferencing - Instant Poll

The screenshot shows the 'Instant Poll' interface. At the top, there is a dropdown menu labeled 'Select from favorites' with a trash icon. Below this is the 'Poll Question' field containing the text 'Which city are your viewing this webinar from?'. There are three checkboxes: 'Anonymous' (unchecked), 'Multiple Choice' (unchecked), and 'Share Results' (checked). The poll options are listed below, each with a colored square (1-4), a radio button, the city name, a progress bar, and the current percentage and count (0% 0). The options are: 1 San Francisco, 2 Paris, 3 Rome, and 4 Singapore. At the bottom right, there are two buttons: 'Stop Poll' (red) and 'Close for All' (grey).

Select from Favourites: This is where you can find all of your saved questions.

Poll Question: This box allows you to enter in your poll question.

Anonymous: When attendees respond to the poll, this eliminates the coloured icon of their choice that appears next to their name.

Multiple Choice: You can set each question to be a single choice or give attendees the ability to choose more than one selection.

Share Results: This allows attendees to see the percentage of votes for each selection as it occurs.

Save to Favourites: Checking this box allows you to save your poll questions for future use.
